

Now Stammering is Curable

Instant Result, Complete cure

Stammering

Stammering is a disorder of speech.

There are stoppages and disruptions which interrupt the smooth flow and timing of speech. These stoppages may take the form of repetitions of sound, syllables or words

Causes of Stammering

Speech & language factors:

- Pronouncing sound and words
- Vocabulary Sentences.
- Understanding language
- Delayed development.

Physical factors:

- The way our brain works.
- what we inherit from our family.
- Speech sound coordination.
- Tiredness, health.

Stammering

Emotional factors:

- Being sensitive.
- Anxiety - ours and others.
- Setting high standards.
- Negative reaction.

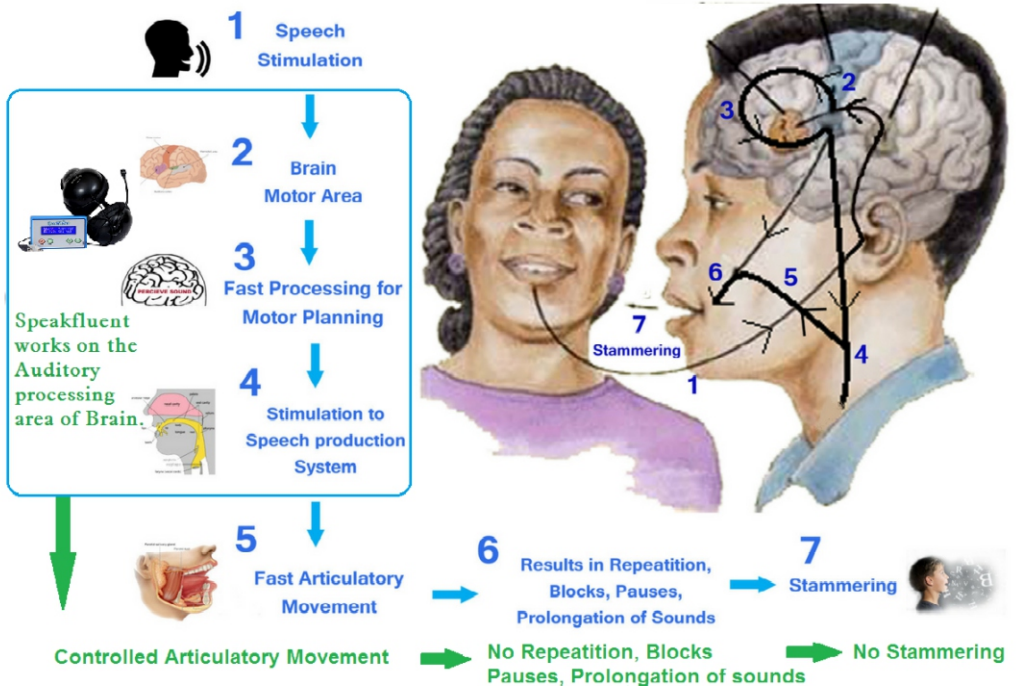

Environmental factors:

- Busy timetables.
- Our pace of life
- Taking turns in conversation
- life at school.
